RE: 106 River Ranch Circle Under Construction!

Under Construction – Nordstrom Custom Homes at 106 River Ranch Circle

Construction is underway at 106 River Ranch Circle and things are moving along quickly. This past Tuesday the slab you see above was poured and as of this writing, walls are on their way up with the roof to follow in the next few days.

You may recall from our last update that we chose Nordstrom Custom homes as one of our preferred builders because Colby himself has an extensive background as a builder AND a skier. He understands what it is like to be a part of the on the water lifestyle and that knowledge is something that you simply cannot convey to a cookie cutter tract home builder.

If you're looking to move into a new home at SMRR or would simply like for Colby to build your home for you, he'll be more than happy to visit with you. For more information you can reach Colby directly at 832-273-1775 or email him at colbynordstrom@gmail.com.

See you at the lake!
