RE: 106 River Ranch Circle is Going Up Fast!

Under Construction – Nordstrom Custom Homes at 106 River Ranch Circle

I think the only time I've ever seen the construction of a home move along this smoothly and this fast has been on TV!

Exactly one month ago I posted the pictures of the slab at 106 River Ranch Circle being finished. Since then, the house has been brought to the stage you see above. The plumbing, electric, roof, windows, stucco, and exterior rock are all in or going up. The floor has been stained and sheet rock is next up on the list.

If you're looking to move into a new home at SMRR or would simply like for Colby to build your home for you, he'll be more than happy to visit with you. **This home is priced at \$399,900 and is at the point where you can still pick out the final fixtures and make the small changes that would make this home yours.**

For more information you can reach Colby directly at 832-273-1775 or email him at colbynordstrom@gmail.com.

See you at the lake!
